

Name of Issue: How do we continue after the programme has ended?

Convener: Katrin Kotkas

Participants: Külli Annamaa, Katrin Kotkas, Wieslaw Podyma and Juozas Labokas

Highlights from the discussion:

- In Lithuania: To create a law to get budget financing for PGR
- At the end of the five year period they started to prepare new programme (different approaches – stressing different subjects)
- In Poland – every year regulation by Ministry of Agriculture. PGR funded from breeding development program. Yearly application. Year after year there is less money. Ideas – try to exclude the money for PGR from breeding development programme as a separate subject.
- Law on National Plant Genetic Resources
- Political discussions, "lobby" work
- National Heritage – it is your own country's concern

Future/Next Step:
